Success stories from broker partners

We used COG CarSelect to source just under 10 vehicles in June, when it was difficult for clients to get new vehicles in before the end of financial year. The team has helped keep our customers out of dealerships enabling us to stay on top of deliverables and invoicing. Pricing has also been very competitive with savings across the board for most of our clients.

We have appreciated regular communication and delivery updates from CarSelect so we can keep the customer and the finance in-house with us. Would recommend and proud to say CarSelect are a valuable add-on offering to our services.

Talk to a Broker

We've been relying on COG CarSelect for quite some time now and let me tell you—it's been a game-changer. From start to finish, they've consistently impressed us.

Top notch communication, keeping us and our clients informed every step of the way. Fantastic for getting the right advice and price for your customer and keeping them away from the dealers clutches! Highly recommend and a very useful add-on service.
